

Hooray

Shy Glizzy

Remember they didn't want me, I was stuck around the way
Uh, Young Jefe, holmes

Got a long money, now these bitches wanna play
Remember they didn't want me, I was stuck around the way
She just sucker duckin', real niggas what she praise
Girl, come and fuck with Jefe, I might give your ass a raise
I just stopped takin' pills, that shit ain't take my pain away
I gave my mom a mil, I said, "That's for a rainy day"
You a H-A-T-E-R, I can see it in your face
I put you in the game, and you ain't even say hooray

I ain't never goin' broke, ayyy-ayy-ayy
Lets fly to Monte Carlo, what you sayy-ay-ay
I got you some flowers, sorry, I forgot the vase
Just make sure I get mine before they put me in the grave
This 74 don't just fire on ya, king, I was born to wave
Can't get this ho, she mine, you got no paper anyway
I know she a dime, still can't take her to my place
But we gon' have a good time, thats word to JJ
Told you I couldn't trust you 'cause a lot of people crossed me
They call me Young Jefe 'cause I like my bitches bossy
I like my bitches exclusive, with an ass just like a donkey
I seen you with that broke nigga, girl, thats when you lost me

Got a long money, now these bitches wanna play
Remember they didn't want me, I was stuck around the way
She just sucker duckin', real niggas what she praise
Girl, come and fuck with Jefe, I might give your ass a raise
I just stopped takin' pills, that shit ain't take my pain away
I gave my mom a mil, I said, "That's for a rainy day"
You a H-A-T-E-R, I can see it in your face
I put you in the game, and you ain't even say hooray

Wonder why I cut you off, 'cause you be actin' kinda fake
You knew the shit was real and you just left me on my face
I be seein' you in the building, and you ain't even sayin' "Hey"
I want them niggas killed, and you ain't even 'bout to play
Remember that night you tried to shoot the chopper and that bitch ain't bust
But I ain't tell nobody, I just kept that between us
Remember them nights we popped them bottles ain't no shit to put up
Bad asian bitch, she model, I feel just like Uncle Rush
I feel just like Rayfu did, I just won't become a bitch
And every bitch I fuck now say she wanna have my kids
Got a bitch from uptown, she be like "Boo, whats big"
I don't know what else to say, so I just tell her this dick

Got a long money, now these bitches wanna play
Remember they didn't want me, I was stuck around the way
She just sucker duckin', real niggas what she praise
Girl, come and fuck with Jefe, I might give your ass a raise
I just stopped takin' pills, that shit ain't take my pain away
I gave my mom a mil, I said, "That's for a rainy day"
You a H-A-T-E-R, I can see it in your face
I put you in the game, and you ain't even say hooray
