

# I Come From Nothing

Shy Glizzy

My hood full of crackheads and hustlers  
And we was taught too be tougher then others  
Yeah, bitch I come from nothing  
Yeah, bitch I come from nothing  
My hood full of crackheads and hustlers  
And we was taught too be tougher then others  
Yeah, bitch I come from nothing  
Yeah, bitch I come from nothing

I'm from where niggas don't know their mothers  
They like fuck religion  
Brothers killing brothers  
My cousin twelve years old  
And he'll bust ya  
Fuck a confession  
Nigga we ain't usher  
I been struggling for nineteen years and running  
I don't think they understand where I'm coming from  
Uh, I live by the gun  
I might die by the gun  
Hold on, I wanna have a son  
I might name him Lloyd  
Or I might name him Matt  
His mother said Devonte  
That bitch a hood rat  
I ain't never free  
Bitch, I beez in the trap  
I ain't know what too be  
So I went straight for the rap

Thirty-Seventh street  
Southeast baby  
I've been on these streets ever since I was a baby  
It's loud now  
But that regular what raised me  
I used to steal dutches out the candy lady  
Grandma was on welfare  
Every week we get the cheese  
Uncle had brick fare  
But he lived with us  
What good was he  
I was riding in stolen Jeeps  
This is just like last week  
Now I'm writing too a beat  
Lord have mercy on me  
Uhh, I wasn't blessed to be LeBron  
I wasn't blessed to have a Micheal Vick arm  
Yeah I got good neighbors like statefarm  
But I had to alarm them that I stayed armed

Glizzy, why ya'll call that shit the Yo  
Cause we will take your money  
Take your drugs  
And take your Ho  
Oh, nigga don't act like you didn't know  
I been selling drugs since I was 12 years old  
Niggas forty, drinking forties

Nine, shooting nines  
Niggas ain't even live  
And they already dying  
Fuck the police  
They ain't stopping my grind  
They gave my niggas fair time  
Before they could tell time  
I remember my first gun  
A fucking 380  
Hadda to rob a hundred niggas  
Man, that shit was too crazy  
Used too see my old heads pulling up in new Mercedes  
Like Mitch told Ace  
Just give me ten days B
