

## Legend

Shy Glizzy

It's time to calm my nerves, Tired of this fucking world  
And all these fuck niggas acting like some fucking girls  
You want to be a G? Then bring your ass to Glizzy World  
So many mouses on the streets shit look like Disney World  
Bitch I'm big Glizzy! They treat me like Lil Boosie  
Got an asian bitch they mistake her for Karrueche  
We in LA at Katana's, she say she want sushi  
Then I rode her all day out on my fucking Suzuki  
I got on Tims, Oh I ll just take a trip to Christian Loubi  
My flight at 6, I gotta go and my luggage is Louie  
And it's pockets Grade A, so I keep rolling doobies  
I been about it since a baby just like fucking Stewie  
Glizzy gang the new No Limit, Bitch I'm Master G  
My little brother, he my old hoes in my foregin, I dont even beep  
I guess my chain shining so bright that you can't even see

Bitch, Bitch I'm on now  
Rest in Peace to Chuck Brown  
I still dont give a fuck, No  
Fuck whoever got next  
Cause Glizzy Gang we got now  
And them birds just touched down  
Im a fucking legend(3x)  
If you die you are less bitch  
If I die you gonna sell it  
Im a motherfucking legend  
Im a fucking legend

I was on the block today, where the fuck was you?  
You was probably fucking with a bitch  
You probably was in her stew  
I know that ain't your girlfriend, she love to switcharoo  
I seen her chewing up, til she sucked the goo out Goo  
This a 40 up out my spine this ain't no fucking 9  
But E Glizzy got that 9, he'll hit you from behind  
If a nigga play with Benny, Imma blow his mind  
Cause whatever mine is his, whatever his is mine  
Big keep texting my phone begging me to sign  
Go to New York for meetings  
Watch, I'll end up in designer  
We can't come to mutual agreement, Im a turn you down  
And Im gonna need a fee, so please don't waste my time  
Im the fucking youngest boss, bigger than them all  
Ain't no nigga put me on I'll still be in them I done took so many losses  
Im like "fuck a loss!"  
If you ain't want to cut the check then that's your fucking loss!
