How you want it  
Glizzy Gang and we'll give a nigga a whole hundred  
Tuh, that ain't nothing

Nigga that ain't no kizzy  
Before you come and talk to me you gotta talk to Benny  
I had to stop flying on private jets  
Arguing with my mom cause we ain't rich enough yet  
Ain't it crazy that I feel good in the jets  
I got all the real niggas taking off they hats  
20 racks on my attire  
Me and my Draco we belong together like Mariah  
You say I ain't that nigga you a liar  
Somebody go and tell Ye, I think I might be flyer  
Yellow diamonds niggas got me pissed off  
Pull up to my section I'm a big dog  
Ugh these little niggas on fentanyl  
If she a bad lil bitch you better trick off  
Or I'm going take your bitch dog  
And we going take a trip aww  
She won't never see that dick  
Aye, you won't never see your kids dog  
Uh on tre seven I'm the wiz  
Made savage rich and now it's time to make Giz  
I wish I could free DF from that bid  
But he so fucking gangsta he got all the lawyers scared  
Sometimes I sit in my house and shed tears  
Cause every nigga that love me either dead or in the Feds  
I don't really think my OG hot but yeah that's what they said  
It ain't no hard feelings but I ain't really trying go over there  
And nigga I was thinking smart it ain't about being scared  
The way that we was selling bricks I ducked a hundred years  
I told her she was beautiful she left the boy on read  
Now I'm spanking that booty ouu I got her in my bed  
I pull up to manhatta go grab some Mihara  
I buff my nails don't get no polish, two hundred my barber  
No, I will never trust my partners, learned that from my father  
I fuck with taliban regardless even though he robbing  
Bitch you phony, know that ain't your homie  
I been rocking Dior back since Dior homme  
Tell 300 ten mill or I'm gone to Sony  
I'm so damn rich, I might buy my bitch a pony  
We get money, niggas broke and funny  
I keep it on me, oooooon me  
We get money, niggas broke and funny  
Keep it on me, oooooon me
