Got them red dots like a nigga work at target
Bitches like my beard like a nigga James harden
Oh my gosh I'm ballin, oh my god girl he ballin

Fresh diesel jeans couple band in my pocket

Your bitch is a stalker and she don't want a dollar
She just wanna fuck me so she can get popular
Grad her by her collar make that girl Holla
I bounce a beat in that pussy...I'm a balla

Go to the club and pop bottles and I don't even drink
I tell my dogs watch around me and they don't even blink
Don't ask my do I want some head, bitch what you think
I told her I'm the shit she say you don't even stink
Pop a bottle, pop a model, pop a bottle, pop a model
Give her a Molly she gone swallow she might fuck me for a follow

Young nigga named glizzy
I get in that pussy and make that bitch pop a wheelly
Room room

Bloom bloom bloom bloom
Nigga I will send you to the moon
This shit just don't sound cool it is cool
She say I wanna go down boo, bitch I make the rules

Yeah that pussy good girl that shit a distraction

She tell me slow down, I tell her keep clappin I'mma keep going to I get my satisfaction
