I grew up in the trap
My uncle sold crack
Strapped a.30 and a Glock
Put her cooter on the map
Bitch I ain't answer the phone cause I was beatin' up the pack
Sometime I dream about my cousin
Pops ain't never comin' back
Police tries to pull me over
I didn't stop, because I'm black

I got no license, I'm out on bons
I got too much shit in the back
Had to relocate the trap, I think they're on to the spot
My niggas gon' ride about me
Right or wrong, I got their back
Put my lil bitch on your lap
She come get everything that you got
Put my young niggas on your line
When they come through, everybody gettin' shot
I got pounds, when they come through
Promise you, everybody's gettin' taxes
She asked where the money counter
I told her, It's right here on my lap

I'm a trap baby
I'm a trap baby
I be inside that vacant with them fuckin' crack babies, hey!
I'm a trap baby
I'm a trap baby
All my niggas walkin' 'rOUNG with fuckin' straps, baby, woo!
I'm a trap baby

Bitch wanna get the dick
Ho, let me move the stash, baby, hey

Your homicide early
My mask is Burberry
Got it off the black baby
I put niggas in the cemetery
I got it straight off the work
I used to eat them blueberries
I got it straight out the trap
I couldn't really call it luck
I'm saucin up it's suspect
Who said a real nigga couldn't dance?
I shoot a nigga just because
I seen the plug and went down to my cousin
I used to trap a nigga uh
I used to trap, its only us
Open the sides for Nolia
Let me out I'm rollin up
Watch the target tolling up
I'm on the block with bro and them
