

## Daisies

Sia

Count all the yellow cars you see  
Count things that start with 'M'  
Look for the strongest, tallest tree  
Hold your breath 'til that bend  
Whisper a secret to your right  
Shout out but make no sound  
At the beach, you can fly your kite  
The sand isn't far off now

And we're digging up daisies  
Yeah, we're digging up daisies

Imagine the castles you will make  
Get your bucket and spade  
Let's pretend we have baked a cake  
Look at the mess we've made  
Let's splash some water on our face  
Let's get our feet wet  
Let's bury Teddy in this place  
Let's hold our breath

Yeah, we're digging up daisies  
Yeah, we're digging up daisies  
And we're digging up daisies
