Floating Through Space

Sia

You made it through another day
You made it through another day
You did it, let's celebrate, oh, oh
Some days, you feel you'll break
But you made it through another day
Yeah, you did it, let's celebrate, oh

24/7 and 365
You made another day, made it alive
Made another day, made it alive (Yeah)
24/7 and 365
You made another day, made it alive
Made another day, made it alive

So today, baby
Remember it's okay
We're all floatin' through space (Floatin' through)
Today, baby
Remember you're okay
We're all floatin' through space (Floatin' through)

Floatin' through, floatin' through
Floatin' through space (Floatin' through)
We're floatin' through space, we're floatin' through space
We're floatin' through space (Floatin' through)

We are like grains of sand
Better to be holdin' hands
Better to be holdin' hands, oh
We are like grains of sand
Better to be holdin' hands
Better to be holdin' hands, yeah

24/7 and 365
You made another day, made it alive
Made another day, made it alive (Yeah)
24/7 and 365
You made another day, made it alive
Made another day, made it alive (Yeah)

So today, baby
Remember it's okay
We're all floatin' through space (Floatin' through)
Today, baby
Remember you're okay
We're all floatin' through space

Oh, oh, oh

So today, baby (Yeah, yeah)
Remember it's okay
We're all floatin' through space (Hey, floatin' through)
Today, baby (Yeah)
Remember you're okay (Yeah)
We're all floatin' through space (Yeah, floatin' through)

Floatin' through (Yeah), floatin' through

Floatin' through space (Floatin' through)
