

# Miracle

Sia

Nobody wants to wait for little miracles (Little miracles)  
Nobody wants to say, "I'm feeling secure" (Feeling secure)  
It's hard to be this big when I am feeling small (I am feeling small)  
But I will keep on trying even when I fall

So put one foot in front of the other, one foot in front of the other  
We gotta love one another, we gotta love one another  
One foot in front of the other, one foot in front of the other  
We gotta love one another, we gotta love one another

I don't wanna quit before the miracles (Before the miracles)  
I don't wanna quit before the miracles (Before the miracles)  
I don't wanna quit before the miracles (Before the miracles)  
I don't wanna quit before the miracles (Before the miracles)

Nobody wants to wait for little miracles (Little miracles)  
Nobody wants to say, "I'm feeling so unsure" (Feeling so unsure)  
It's hard to be this big when I'm feeling immature  
But I'm gon' keep on trying even when I fall

So put one foot in front of the other, one foot in front of the other  
We gotta love one another, we gotta love one another  
One foot in front of the other, one foot in front of the other  
We gotta love one another, we gotta love one another

I don't wanna quit before the miracles (Before the miracles)  
I don't wanna quit before the miracles (Before the miracles)  
I don't wanna quit before the miracles (Before the miracles)  
I don't wanna quit before the miracles (Before the miracles)

Oh, you may not see a particle but rainbows are disguised way out  
Tellin' us we are enough  
And if you wanna beat your chest 'cause you feel the emptiness  
Go on and feel your loneliness  
Go on and feel your loneliness  
And call me 'cause we're both in this

I don't wanna quit before the miracles  
I don't wanna quit before the miracles  
I don't wanna quit before the miracles  
I don't wanna quit before the miracles (Before the miracles)  
I don't wanna quit before the miracles  
I don't wanna quit before the miracles  
I don't wanna quit before the miracles  
I don't wanna quit before the miracles (Before the miracles)
