Play Dumb

Sia

I stayed too long, you've been kissing on everyone
You've played my love, so I'll play you like a kick drum
I'm moving on 'cause I love myself too much
To play this dumb, I put my money where my mouth's at (kiss)

Check your DMs every PM and I'm seeing all your eloquence
You put my money where your mouth is (kiss)
I check your decks, I see the ex, you selling sex, you're the ventriloquist
You put my money where her mouth is (kiss)

Now I see lipstick on your collar, got a dollar every time I wept
Wondering when she put her mouth there (kiss)
I don't wanna take a bet on any man who can't show up for it
I put my money where my mouth's at (kiss)

I put my money where my mouth's at (kiss)
I put my money where my mouth's at (kiss)
I put my money where my mouth's at
I put my money where my mouth's at (peace)

If this is love, go love yourself, I've had enough, I want you out the door
You put my money where her mouth was (kiss) (peace)
If this is love, I'll take my stuff, I'm giving up on us, I'm giving up
You put my money where her mouth was (kiss)

Now I see lipstick on your collar, got a dollar every time I wept
Wondering when she put her mouth there (kiss)
I don't wanna take a bet on any man who can't show up for it
I put my money where my mouth's at (kiss) (peace)

I put my money where my mouth's at (kiss)
I put my money where my mouth's at (kiss)
I put my money where my mouth's at (kiss)
I put my money where my mouth's at (kiss)

I stayed too long, you've been kissing on everyone
You've played my love, so I'll play you like a kick drum
I'm moving on 'cause I love myself too much
To play this dumb (this dumb) (peace)

I love myself too much to play this dumb (dumb)
I like myself too much to keep these goddamn blinders on
I love myself too much to play this dumb (dumb)
I love myself too much to play this dumb (peace)

I stayed too long, you've been kissing on everyone
