

# Bleed

Siamese

I am a slow mover  
Cause sin takes longer to pack  
I've learned that people  
Without guilt have the best of times

And Earl said it right too many white lies  
Earl said it right too many white lies  
Earl said it right too many white lies  
Earl said it right  
Earl said it right

Every time you tell me to stop  
Every time you tell me enough  
I just want to bleed  
Bleed, bleed  
I just want to bleed  
Bleed, bleed

Every time you tell me to stop  
Every time you tell me enough  
I just want to bleed  
Bleed, bleed  
I just want to bleed  
Bleed, bleed

My words are my disguise  
But how would you even know that?  
You should've looked me in the eyes  
Know at hunger comes from the heart

And Earl said it right too many white lies  
And Earl said it right  
Earl said it right

Every time you tell me to stop  
Every time you tell me enough  
I just want to bleed  
Bleed, bleed  
I just want to bleed  
Bleed, bleed

Every time you tell me to stop  
Every time you tell me enough  
I just want to bleed  
Bleed, bleed  
I just want to bleed  
Bleed, bleed

And Earl said it right  
To many white lies  
And Earl said it right  
To many white lies  
Every little thing that I've adored comes  
To me as being my own flaws  
I don't want to know

Every time you tell me to stop

Every time you tell me enough  
I just want to bleed  
Bleed, bleed  
I just want to bleed  
Bleed, bleed

Every time you tell me to stop  
Every time you tell me enough  
I just want to bleed  
Bleed, bleed  
I just want to bleed!  
Bleed, bleed!
