

# Heights Above

Siamese

What are we fighting for?

I am the only one who saves me  
How true is the truth if we never face it  
Let no days go to waste  
I'm the only one who creates me  
Our death is our debt and everyone pays it  
Until then I will shape and mould my fate

Get up, stand up, chin up, man up  
Give it all and never give up  
Get up, stand up, chin up, man up  
Give it all and never give up

What are we fighting for?  
The man in the mirror, whoa  
Climbing to heights above

What are we fighting for?  
The man in the mirror, whoa  
Climbing to heights above

And in life only death is certain  
But I wasn't born to die  
I was born to fall and rise like the tides  
I found the end is not a burden  
I behold my life with wide open eyes  
Rage and fight towards the dying of the light

Get up, stand up, chin up, man up  
Give it all and never give up  
Get up, stand up, chin up, man up  
Give it all and never give up

What are we fighting for?  
The man in the mirror, whoa  
Climbing to heights above

What are we fighting for?  
The man in the mirror, whoa  
Climbing to heights above

Get up, stand up, chin up, man up  
Give it all and never give up  
Get up, stand up, chin up, man up  
Give it all and never give up
