Make It Out

Siamese

I'm not taking the easy way
I'm saying what's been on my mind
Hoping that we will be okay
Although I know that you had your doubts
I'll make it out, I'll make it out
I'll make it out, I'll make it out

Cause I've been falling your friends will say
You'll never change, you should walk away
And if you do, won't complain about it
But I find no doubt about it
I'll make it out, I'll make it out
I'll make it out, I'll make it out

Is there somebody having a thing like we do
Somebody like me needs you
Cause you're loving the way
You wanna tell me the way
The words you say just won't do
And there's no one like you who would love me like you do
And you trust my embrace, even through my mistakes

Cause we fall out, breaking down
Everyone can see it now
Through it all, everything
I can't believe when I hear you say
I'll make it out, I'll make it out
I'll make it out, I'll make it out

Having you makes it easy babe
Every day, one day at a time
I know that we won't be the same
I can't believe that I made it out
I made it out, I made it out
I made it out, I made it out

Now we're talking about our kids' names
And the pain seems so far away
Every time I made you doubt and
I would never have to think about it
I made it out, I made it out
I made it out, I made it out

Is there somebody having a thing like we do
Somebody like me needs you
Cause you're loving the way
You wanna tell me the way
The words you say just won't do
And there's no one like you who would love me like you do
And you trust my embrace, even through my mistakes

Cause we fall out, breaking down
Everyone can see it now
Through it all, everything
I can't believe when I hear you say
I'll make it out, I'll make it out
Trust me I'll make it out, I'll make it out

Cause we fall out, breaking down
Everyone can see it now
Through it all, everything
I can't believe when I hear you say
I'll make it out, I'll make it out
Trust me I'll make it out, I'll make it out

Just the way I [?]
Let me hear you sing it
Make it out, I'll make it out
