

Predator

Siamese

I'm feeling a change of mind
Feeling my heart collide
Something I cannot hide
I feel it crawling down my spine
No matter how high I climb
I'm nowhere near the sky
Who am I? You decide
Prey or predator

Let the silence define
(Take it back now, take it back)
Put your life on the line
(Take it back now, take it back)
Out of sight - out of mind
(Take it back now, take it back)
So muzzle my face and make me obey
Abide and keep your words inside

Shut the fuck up
We'll keep your eyes and your mouth sewn up
We got it covered so don't show up
Your life on a full stop
Caged like an animal, cannibal, eat yourself up
Don't you want to do the right thing?
We can tell you how to feel, tell you how to deal
Don't you want to do the right thing?
Prey or predator

Let the silence define
(Take it back now, take it back)
Put your life on the line
(Take it back now, take it back)
Out of sight - out of mind
(Take it back now, take it back)
So muzzle my face and make me obey
Abide and keep your words inside

I'm feeling a change of mind
Feeling my heart collide

No matter how high I climb
