

The Promise

Siamese

Don't you feel it love, running through your blood, oh
Burning up the past, time to let it all go
Cause I'm tired, I'm sick
I don't feel like going home at all
And there's nothing that we could do
Time to regain the control

So let's leave it all behind
But look at what we have
I'm giving you all I've got
All I've got

My love, I'll give you a promise that
I learned, which you never will
Give up, everything that I believe
My love, I'll give you a promise that
I learned, which you I promised
Never to complain, never to regret
Now we're free

Don't you feel it love, coming like a flood, oh
Burning up the past, got you if you fall, be sure
We won't look back, come back
And that's what I need to know
Cause there's nothing that you could do
So let go of control

We don't need to tell them all, we're giving up this lie
So I say, it's flying through the night
You should know, I'm not leaving your side

My love, I'll give you a promise that
I learned, which you never will
Give up, everything that I believe
My love, I'll give you a promise that
I learned, which you I promised
Never to complain, never to regret
Now we're free

Always to console you (always to console you)
Always to believe in you
Never to control you (never to control you)
Together we will be in the night

Oh yeaah

My love, I'll give you a promise that
I learned, which you never will
Give up, everything that I believe
My love, I'll give you a promise that
I learned, which you I promised
Never to complain, never to regret
Now we're free
