# Tomorrow Never Dies

**Siamese**

Oh, there is something, terribly wrong
Our dreams are not what they seem
Back when we were young
Its not what we're used to at all
You got stuff just keeping decided to let go
Decided to let go

And whatever it takes
People don't believe
That tomorrow never dies, no tomorrow never dies
As long as you dream
People don't believe
That tomorrow never dies, no tomorrow never dies

Tell me
Is it because we are young at heart?
That we suddenly stopped to go and give into what ever life gav
e us
We dreamed of everything, but it didn't get us to far
We got stuff just gave in decided to let go
Decided to let go

And whatever it takes
People don't believe
That tomorrow never dies, no tomorrow never dies
As long as you dream
People don't believe
That tomorrow never dies, no tomorrow never dies

Is it because we are young at heart?
We're so young at heart

And whatever it takes
People don't believe
That tomorrow never dies, no tomorrow never dies
As long as you dream
People don't believe
That tomorrow never dies, no tomorrow never dies
