

Don't say I need to realize
Don't tell me that you hold some truth
Don't feel like I will compromise
Don't feel for the brand new you

I got that tunnel vision
Just who do you think you are?
I need that tunnel vision
Don't care how ablaze you are

Yes, you need to live with what you left
The truth I believe is for the best
Yes, you need to live with what you left
Was it for the best?

I don't want to love you, it's the same
I don't want to trust you, it's the same
You are you, and that's what's wrong
I don't want to love you, it's the same
I don't want to trust you, it's the same
You are you, and that's what's wrong
I'm not mad at you, oh no no

Come and creep around my house
You can do that all night long
And cry me a river if you like
You can cry me a river
Cry me a river

Your hands will never run down this spine
And you will never kiss these lips of mine
Oh no, no, no, no, no
Oh no, no, no, no, no

I got that tunnel vision
Just who do you think you are?
I need that tunnel vision
Don't care how ablaze you are

I don't want to love you, it's the same
I don't want to trust you, it's the same
You are you, and that's what's wrong
I don't want to love you, it's the same
I don't want to trust you, it's the same
You are you, and that's what's wrong
I'm not mad at you, oh no no
