

# Substance Sequence

Sianvar

Too many days  
(Muscles aching, routine lacking)  
I got away  
(Insert substance sequence)  
Cameras watching actors acting

Paranoid

Dark evil ocean, I'm craving more  
Good intuition left at the shore  
Drift with my brother, fishing for more  
Dark evil ocean, keep us from shore

Smashing up the pieces  
Cleaning up balloons  
Coming down, coming down  
Smashing up the pieces  
Lesser now, lesser now  
Cleaning up balloons

Wash off the poisons  
Dissect in portions  
Smash the fucking head  
Core removal works the best  
Wash out the poisons  
Iceberg abortion  
Smash the fucking head  
Core removal works the best

Come back, come back to me  
Foil as the paper, solids turn to vapor  
Common sense, distancing  
Toxic level danger, destructive behavior  
Family, friends, furthering  
Superior Avenue takes me  
Magnolia Avenue takes me

Muscles aching, routing lacking  
Insert substance sequence  
Too many days  
(Paranoid!)  
I got away

Dark evil ocean, I'm feinding more  
I only want what I came for  
Good intuition left at the shore  
This isn't worth what I paid for

Stop!  
Everybody's listening, everybody's listening  
Coming down, coming down  
Lesser now, lesser now  
Smashing! Smashing! Smashing!  
Smashing! Smashing! Smashing!  
Substance Sequence!
