

# BROKENHEART

Sick Luke

Sick Luke, Sick Luke

I started with a broken heart  
Now I'm far away from the start  
Look at me I am next to the stars  
Matter fact I'm close to Mars  
I started with a broken heart  
Now I'm far away from the start  
Look at me I am next to the stars  
Matter fact I'm close to Mars  
I started with a broken heart  
Now I'm far away from the start  
Look at me I am next to the stars  
Matter fact I'm close to Mars

I ain't goin'...  
I ain't goin'...  
No more...

I ain't going back  
I ain't going back  
I ain't going back  
I ain't going back  
I ain't going back  
I ain't going back  
I ain't going back  
I ain't going back

I started with a broken heart  
Now I'm far away from the start  
Look at me I am next to the stars  
Matter fact I'm close to Mars  
I started with a broken heart  
Now I'm far away from the start  
Look at me I am next to the stars  
Matter fact I'm close to Mars
