

Desperate Fool

Sick of It All

Crime, crime against the soul
it does more damage than anyone
can know as the victims suffer,
the secrets that they hold will eat away inside them 'till they
finally explode.

Desperate fool - unforgivable - We're gonna do away with you
Desperate fool - unforgivable - Your kind won't stand a chance
you call yourself a man?
Let's leave your fate up to those who've been raped.
You impose yourself a lot no means no,
you don't know when to stop it's body,
it's soul it's all humanity that's what's violated can't you see
you're really hated
Step up the plate you challenge fate you've earned a castration
you're face to face with your victims rage you deserve this lac
eration
