

Stood For Nothing

Sick of It All

Desperate Little You
We've seen the act and it won't do
Helpless Pathetic you
It's always something, It's always something

Stood For Nothing (4x)

Show some pride, show something
You got no heart, you got nothing
Help me stay true so I'll never be like you

Stood for Nothing (4x)
(you stood for nothing)

It's all good I still believe in myself, humanity
It's all good I still believe - that's the way it's gotta be

Stood For Nothing (3x) - Piss in the dirt
