

Shades of Grey

Sick of Sarah

I'll take you down to the night
I'll hold my breath, you will hold your pillow tight
Let's throw our fears away
Shades of grey
And I'll take you home, or I'll take you so far away from here
I'll take you anywhere (I'll take you anywhere)
And don't be scared just picking up pieces --
Of you're heart, you left in the streets and...
Some things never change
And maybe it's better that way
Don't be scared when you're way out there,
It's not black or white, sometimes it's just grey
And maybe it's better that way
I didn't mean to get scary, and I,
Frequent awful places frequently, it's not up to me
And I -- I -- I didn't mean -- I didn't mean --
Is this what you asked for?
Could you really ask for anything?
And so I'll hold you down,
Like these were the best days of our lives...
When we were the runarounds...
And I was your personal crown
And I'll take you home, or I'll take you so far away from here
I'll take you anywhere (oh I'll take you any--)
And don't be scared, just picking up pieces --
Of you're heart, you left in the streets and...
Some things never change
And maybe it's better that way
And don't be scared when you're way out there,
It's not black or white, sometimes it's just grey
And maybe it's better that way
And maybe it's better that way
I didn't mean to get scary, and I,
Frequent awful places frequently, it's not up to me
And I -- I -- I-I-I-- I didn't mean -- I didn't mean --
Is this what you asked for?
Could you really ask for anything?
And so I'll hold you down.....
I didn't mean, I didn't mean
And I frequent awful places frequently, it's not up to me
And I-I-I-I-I, I didn't mean, I didn't mean
And is this what you asked for?
Could you really ask for anything?
And I'll hold you down...
These were the best days of my life
We were the runarounds
We were the runarounds
And I'll take you home, or I'll take you so far away from here
I'll take you anywhere,
I'll take you anywhere.....
