

Creature

Sick Puppies

Pain - it's come alive, it's pouring out of my veins
I'm drifting in and out, turning insane
At the edge, I've kept it in until now
I'm afraid it's too late, I feel it coming out

Rage that won't subside, eating me alive
Part of me has died, and all that's left is pure hate
You don't want to see what I'm capable of
This is it, fuse is lit - you better brace yourself

Oh my God, what have I done?
I can't believe what I've become

Stop! Before I take your motherfuckin' head off!
I'm seeing shit that I don't wanna speak of
Bottled up everything, up until now
This is it, fuse is lit - so get the hell out

Rage that won't subside, eating me alive
Look into my eyes, I'll scream until I spit blood
I would stop myself if I could
Get away, it's too late, I'm changing...

Oh my God, what have I done?
I can't believe what I've become
I can't stop hurting everyone
What's this creature I've become?

Oh my God, what have I done?
I can't believe what I've become
I can't stop hurting everyone
What's this creature I'm becoming now

What have I become?
What have I become?
