

# I Killed The Cat

**Sid Vicious**

I've knocked out in bed last night  
I've had my fill, my share of looting  
And now, the tears subside  
I find it all so amusing  
To think, I killed a cat  
And may I say, oh no, not their way  
"But no, no, not me"  
"I did it my way"
