

## Don't Stop Believing

Side A

At times we feel so lost and all alone  
And never could explain  
Why these things happen  
We'd always try to do things on our own  
And think we don't need others  
But we're mistaken

It's time for us to draw the line  
Forget what's yours and mine  
Together we must understand  
We're better as one

So don't stop, hey don't stop believing  
Though life in this world is deceiving  
The love in our hearts, let's be giving  
From now on

I wish we'd always fight for what is right  
Let's seek the truth for what we should live for  
It's not a shame to be guided by the light  
This way we'll have more strength  
And we will fear no more

Be on your guard  
Stand firm in the faith  
Be men of courage, be strong  
Do everything in love
