

Just Wanna Be With You

Side A

When you leave me please tell me goodbye
Please don't go without telling me why
Cause I would rather be hurt and confused
I don't wanna read your mind so tell me the truth

Is it anything that I say
Or is it everything that I do
Tell me baby cause
I don't wanna be far from you

I'm trying to make you see
That you belong to me
Tell me you'll stay forever
I love for a while won't do
I know that this much is true
I just want to love you

If you need me I'll be by your side
Always know that I don't have too much pride
Just remember that I am you long to
Look into my eyes and you'll find
It'll always be you

Is it anything that I say
Or is it everything that I do
Tell me baby cause
I don't wanna be far from you

I'm trying to make you see
That you belong to me
Tell me you'll stay forever
I love for a while won't do
I know that this much is true
I just want to love you

The time you know my love is for real
(the time you know is now I feel)
The time you know for sure
That I will always care for you
(I will always care for you)

I'm trying to make you see
That you belong to me
Tell me you'll stay forever
I love for a while won't do
I want forever with you
I just wanna be with you
