

# Only You - The Prelude

Side A

Somebody's watching me  
I know, but I can't see you  
Somebody's reading what I have in mind  
Someone is here beside me  
I know, cause I can feel yo  
Someone is here, it's you...

(It's you) Whenever I'm alone I think of you  
(Just you) Whatever comes along I think of you  
(Just you) Only you

There was once a time  
When I had all this confusions  
I looked for answers  
That had led me to more questions  
But now my life has finally changed because of you  
And now I believe it's true...

(It's you) Whenever I'm alone I think of you  
(Just you) When all my friends are gone I think of you  
(Just you) Only you

I won't let you go  
You'll always stay inside me  
Love will always grow  
There will never be another

I won't let you go  
You'll always stay inside me  
Love will always grow  
There will never be another

Somebody's watching every little thing I do  
Someone is here to guide me through  
Someone is here to tell me what is right or wrong  
Someone is here, it's you...

(It's you) Whenever I'm alone I think of you  
(Just you) Whatever comes along I think of you  
(Just you) Only you

ONLY YOU (Prelude)

I never thought that I would find peace of mind  
You were here all along  
I never thought that I would see  
Someone like you who would love me most  
For what I am, for what I do  
My heart will always keep on loving you

(I won't let you go, I won't let you go)

Sometimes I feel that I'm alone, far from home  
But you're always here in my heart  
You never left me here all alone  
You're someone I know who would love me most  
For what I am, for what I do

My heart will always keep on loving you

I have thought of things to do  
To show my love for you  
But I guess what matters most  
Is that my heart is true to you  
The road may be rough  
But I'll follow through

I won't let you go  
Lord, You'll always stay inside me  
Love will always grow  
There will never be another

I won't let you go  
Lord, You'll always stay inside me  
Love will always grow  
There will never be another
