Sidewalk Prophets

What do you see when you look in the mirror?
(A loser? A failure?)
Does every scar determine who you are?
Maybe don't look, just turn away
If every day is like yesterday
Winds are gonna change

What do you hear when you're all alone?
(In your head a dead end)
Stranded at sea on a stepping stone
There's a cloud inside you, it's welling up
Your eyes are holding back a flood
It's safe to come undone

You're not worthless, you're precious
You're not left out, you're wanted
You're not invisible with your shining soul
Love has spoken, you are chosen

You sat on the side and you tried to hide it
(In silence and quiet)
But deep in your heart, there's a burning fire
Whoever told you that you're not strong
Today's the day you're gonna prove them wrong
It's in your victory song

You're not worthless, you're precious
You're not left out, you're wanted
You're not invisible with your shining soul
Love has spoken, you are chosen

Your fear is courageous and your weakness is strong
Hold onto faith and you'll more than overcome
This is your identity, your call to be, you're royalty
You're chosen, you are chosen
Your fear is courageous and your weakness is strong
Hold onto faith and you'll more than overcome
This is who you're made to be, come and see your destiny
You're chosen, you are chosen

You're not worthless, you're precious
You're not left out, you're wanted
You're not invisible with your shining soul
Love has spoken, you are chosen
