

Something Different

Sidewalk Prophets

When we walk down the street
it'd be to a whole 'nother beat
and you would see
a Light in you and me
maybe a remedy

Some kinda relief
and they'd be like
ooh aah, look at 'em go
whata they know that I don't know
ooh aah every move we make
don't ya know that we can
help see 'em saved

There's something different
something different
and I gotta have it
I can't describe it
can't describe it
but I know that I need it

I don't know what it is
but I need a dose of it
C'mon c'mon c'mon
can ya feel it
there's something different

Yeah we got that spark
it's a break from the dark
so real so right
and they be like
I think I need it in my life

Oooh aaah
stop them guys!
whata you have that I don't have
Ooh I would do it differently
but ya know that we can help
see 'em saved

There's something different
something different
and I gotta have it
I can't describe it
can't describe it
but I know that I need it

I don't know what it is
but I need a dose of it
C'mon c'mon c'mon
can ya feel it
there's something different

I'ma tell you what it is
I'm about to tell you what it is
I'm about to tell you what it is

It's a love like you've never known
It's a feeling like being home
It's always knowing that you're never alone
It's a shock to your sleeping soul

It's a love like you've never known
It's a feeling like being home
It's always knowing that you're never alone
It's Jesus Christ and He's in my soul

There's something different
something differeent
yeah

There's something different
something different
and you gotta have it
you can't describe it
can't describe it
but I know that you need it

I know just what it is
and you need a dose of it
C'mon c'mon c'mon
you can feel it
you need that something different

I'ma tell you what it is
I'ma tell you what it is

Jesus Christ is something different
