

Safety In Numbers

Sidney Gish

They all sit unapologetically
Although they look very dumb

I wish I had that kind of courage
Back when I was just as young

There's safety in numbers
There's safety in numbers

They're wearing makeup no one
Over the age of 12 would do

And I'm so proud of them for
Not listening to the other kids at school

There's safety in numbers
There's safety in numbers

I want to tell them it gets better
Just like the gay rights videos

Sometimes it does, sometimes it doesn't
But they're on the right track cause they know

There's safety in numbers
There's safety in numbers

They all sit unapologetically
Like modern-day baby punks

I wish I had that kind of courage
I still need it and I'm all grown up

There's safety in numbers
There's safety in numbers
