

## Made Like That

Sierra Ferrell

I give all my love to just one man  
I can't help it, I'm made like that  
I don't claim to be an angel  
'Mittedly I have made mistakes  
I can't help it, I'm made like that

I am made like that  
The one you have left behind

I'll be waitin' right here for your beck and call  
I can't help it, I'm made like that  
I'll fix all of your bridges  
I have watched you burn to the ground  
I can't help it I'm made like that

I am made like that  
The one you have left behind

Well I need to get out of this place  
I can't seem to forget your face  
I keep thinkin' maybe in time well you could learn to be mine  
I am made like that  
I just wasn't made for these times  
I'm leavin' home  
I'm leavin' home  
I'm so sorry Momma I gotta go  
I'm leavin' home  
I'm leavin' home  
West Virginia country roads  
West Virginia, all I know  
West Virginia I'm leavin' you today
