

Pair For Two

Sierra Ferrell

So don't get too comfortable
You'll be a spectacle, when all your life starts to change
All I do is follow you
And clearly now we are through, but I'll never get back my heart

It's a pair for two, friends won't do

Together we live on a boat, and yes she sure really will float
But we never learnt to set sail, no we never learnt to set sail

It's a pair for two, friends won't do
