

Pretty Magic Spell

Sierra Ferrell

And my, heart is so heavy now
Oh its so, heavy now
Yes, its so heavy now
Oh you

You put a magic spell
Oh no, I don't feel so well
Oh you
You put a magic spell
Oh no, I don't feel so well

Well at night it gets cold
You make those feelings wrong
Come here, I feel no warmth
Gotta get these legs a-movin'
Well ya see, that train is comin'
And here I find no warmth

And my heart, is so heavy now
Oh it's so heavy now
Yes it's so heavy now
Oh you, you put a magic spell
Oh no, I don't feel so well

Why do you do this to me?
You make me shaky at the knees
Got me calling, oh baby please
We got a long way to go
Yes, I do know
With you, I'll never find a home

And my heart is so heavy now
Oh It's so, heavy now
It's so heavy now
Oh you, you put a magic spell
Oh no I don't feel so well
Oh you, you put a magic spell
I don't feel so well
Don't feel so swell
Don't feel so well
Don't feel so swell
