

# Years

Sierra Ferrell

Years

Everybody knows you gotta let 'em go  
And they kinda roll by like tears  
Just a measure of time  
Playin' with your mind, passin' you by, those years

Look around, up and down  
They're nowhere to be found  
Like the wind, my old friends  
They come and go again

Don't look back in sorrow  
Just hope you see tomorrow

Those years

Everybody knows you gotta let 'em go  
And they kinda roll by like tears  
Just a measure of time  
Playin' with your mind, passin' you by, those years

You and me, came to be  
We raised a family  
When we're gone, they live on  
To see what we won't see

Don't look back in sorrow  
The children have tomorrow

Those years

Everybody knows you gotta let 'em go  
And they kinda roll by like tears  
Just a measure of time  
Playin' with your mind, passin' you by, those years  
Everybody knows you gotta let 'em go  
And they kinda roll by like tears  
Just a measure of time  
Playin' with your mind and passin' you by, those years

Oh
