

# Get Some Get Back

Sierra Kidd

(It's not)

Where I'm from it's not a given we can turn on the light  
Not a given you got warm water, let alone Wi-Fi  
Let me tell you 'bout my side  
Yeah

I got several scars, it's time to settle scores  
Defeat every force, I'm bleeding pain with every pore  
Dream of findin' him outdoors  
Fuck him up and leave his body on his porch  
Make him stand on all fours, but I'm not  
I'm lyin' to myself that I dont wanna hurt 'em  
Because it's just takin' things further  
Mmm

I'm drivin' through the streets after setbacks  
Dreamin' of a get back  
Get, get, get, get back  
Gotta get some get back  
I'm drivin' to his place where they sit at  
Gotta get my lick back  
Get, get, get, get back  
Gotta get some get back (Oh-ah)

We don't wear no chrome hearts, our hearts are chrome  
Lookin' at the score, now it's one and 0  
Don't worry, we can make it one and two  
If you bitches want it too, if my homies run into  
Whatever makes you feel comfortable  
Don't worry, I stay silent  
Just some thoughts when we ridin' (Yeah)

I'm drivin' through the streets after setbacks  
Dreamin' of a get back  
Get-get, get-get, get, get back  
Gotta get some get back  
Dr-, dr-dr-drivin' to his place where they sit at  
Gotta get my lick back  
Get-get, get-get, get-get, get back  
Got-, gotta get some get back  
(We gotta find a choice)
