

motion

Sierra Kidd

Yeah

Still feels like yesterday
Everyone's alive, everybody high
Now it's a shadow of its former self
No swag, wet floors from the tears we cry

I pull up the Porsche
I need some motion
Need to get blinded by the light
Out in the open
Feel some emotion
Distract me, caress me

Ay, ay, a-a-a-ay
Ay, ay, a-a-a-ay
Ay, ay, a-a-a-ay

We throw money just to feel something
Love right where I am, no love where I am
I date women just to feel something
Love right where I am, no love where I am
Ay-ay, ay-ay-ay-ay
Throwin' twenties in the sky-sky, sky-sky-sky-sky
I'm no good at goodbye-bye, bye-bye-bye-bye
So I'm here for another night

In the saddest night club around
In the saddest night club around
In the saddest night club around

I pull up the Porsche
I need some motion
Need to get blinded by the light
Out in the open
Feel some emotion
Distract me, caress me

Ay, ay, a-a-a-ay
Ay, ay, a-a-a-ay
Ay, ay, a-a-a-ay

We throw money just to feel something
Love right where I am, no love where I am
I date women just to feel something
Love right where I am, no love where I am
Ay-ay, ay-ay-ay-ay
Throwin' twenties in the sky-sky, sky-sky-sky-sky
I'm no good at goodbye-bye, bye-bye-bye-bye
So I'm here for another night

In the saddest night club around
In the saddest night club around
Ay-ay, ay-ay-ay-ay
