

Set A Trend

Sierra Kidd

I had to roll them bands
I got the holes in my pants
I do not told the friends
A young nigga set a trend
I had to roll them bands
I got the holes in my pants
A young nigga rocking vans
I just set me up a trend
A trend, a trend
A young nigga set a trend
I just run me up them bands
A young nigga rocking vans
A trend, a trend
I had to run me up them bands
I got the holes in my pants
A young nigga rocking vans

I just set me trend
I got the holes in my pants
A young nigga rocking vans
I block that bitch off the gramm
I just pull up in a masi
I got that lil bitch, she's a hottie
I know that bitch want some money
I'm looking at her like she's sorry
I been start gigging a party
I'm sippin' lean or bacardi
I got hundred bands on me
These bitches try to dance on me
I make her look like a doctor
I said to the boy: "Where's your father"
I put the pills upon his father
I swear to god it's getting hotter
I look at my niggas, so froze
I look at my wrist, it's so froze
I fuck your lil bitch and you know
She pullin' shit up on her own
A young nigga rocking vans
I got the holes in my pants
Oh shit i'm settin' trends
Dex back at it again

I had to roll them bands
I got the holes in my pants
I do not told the friends
A young nigga set a trend
I had to roll them bands
I got the holes in my pants
A young nigga rocking vans
I just set me up a trend
A trend, a trend
A young nigga set a trend
I just run me up them bands
A young nigga rocking vans
A trend, a trend
I had to run me up them bands
I got the holes in my pants

A young nigga rocking vans
