

Traitor

Sierra Kidd

You wanna break up
Tears roll down your makeup
Love me for my favors
Gotta thank my maker
Damn, I tried to save ya
Turned your neck to a glacier
I think my creator
He saved me from a traitor

I look good by myself
You see the growth
I don't need nobody else

You wanna see me down bad, I'm sorry, I'm doing great, yeah
Wanna see me broke but my pockets overweight, yeah
Wanna see me stranded but I'm on a interstate
Want me underrated but I'm rather overpaid, yeah

If I ever fall to the ground, I come back up (come back up)
Work the pain away, watch my bill stack up (bill stack up)
Turn the [?] the Bentley truck
That's what's up

Find another one like me, good luck
Find another one like me who keeps his phone unlocked
Find you another one, a better one, hah

You wanna break up
Tears roll down your makeup
Love me for my favors
Gotta thank my maker
Damn, I tried to save ya
Turned your neck to a glacier
I think my creator
He saved me from a traitor

I look good by myself
You see the growth
I don't need nobody else

You wanna see me down bad, I'm sorry, I'm doing great, yeah
Wanna see me broke but my pockets overweight, yeah
Wanna see me stranded but I'm on a interstate
Want me underrated but I'm rather overpaid, yeah
