

Feel It Deep Inside

Sigala

Deep inside, deep, deep down inside, deep

I hate tequila, champagne, and swimmin' pools
Influencers gettin' paid for comin' through
Just wake me up, I'm stuck in a land of fools
Gucci this, Gucci that, potions and chemicals

I want somethin' more than that (Somethin' deeper, baby)
Skip with all the shallow chat, yeah (Uh-huh, yeah)
I want somethin' more than that
If you wanna keep me 'round
I'ma need to feel it deep inside

Deep inside, deep, deep down inside
Deep, deep, deep inside, deep
I'ma need to feel it deep inside (Deep down inside, deep)
Deep inside, deep, deep down inside
Deep, deep, deep inside, deep
I'ma need to feel it deep inside (Deep down inside, deep)

Baby, you might be fine
But I ain't 'bout that life
When will you see that
I'ma need to feel it deep inside?
Don't care about your ice
Or your expensive ride
When will you see that
I'ma need to feel it deep inside?

Deep inside, deep, deep down inside (Oh, uh-huh)
Deep, deep, deep inside, deep (Oh, oh)
(Deep down inside, deep)

Cryptos and cars, fake friends and bank accounts
Peak West End bars, co..ine in large amounts
Just wake me up, everyone's so flashy
Wearin' bougie this, bougie that, tryin' hard to be somebody

I want somethin' more than that (Somethin' deeper, baby)
Skip with all the shallow chat, yeah (Uh-huh)
I want somethin' more than that
If you wanna keep me 'round
I'ma need to feel it deep inside

Deep inside, deep, deep down inside
Deep, deep, deep inside, deep
I'ma need to feel it deep inside (Deep down inside, deep)
Deep inside, deep, deep down inside (Oh, uh-huh)
Deep, deep, deep inside, deep (Oh, oh)
I'ma need to feel it deep inside (Deep down inside, deep)

Ah, mm, ah, ah, ah, mm
I'ma need to feel it deep inside
Ah, mm, ah, ah, ah, mm
I'ma need to feel it deep inside

Baby, you might be fine

But I ain't 'bout that life
When will you see that
I'ma need to feel it deep inside?
Don't care about your ice
Or your expensive ride
When will you see that
I'ma need to feel it deep inside?
