

# Show You Love

Sigala

I'll do this the right way  
Not gonna run away from these things I can't escape from  
'Cause that's how I used to play it  
Never takin' a chance, I've waited too long

But I'ma show you right now all the love that I feel  
Invite you inside, so you'll see that it's real  
Yeah this is the moment, the second, the time  
Now I'm about to lose my mind

'Cause I just wanna show you love  
Show you love  
Yeah I just wanna show you love  
Show you love

'Cause I just wanna show you love  
Show you love, show you love, oh  
I just wanna show you love  
Show you love, show you love

I'll show you I'm not afraid  
'Cause I can't be afraid of a feeling that I don't know  
So tell me now, do you feel the same?  
'Cause if you do then I'm never gonna let you go

But I'ma show you right now all the love that I feel  
Invite you inside, so you'll see that it's real  
Yeah this is the moment, the second, the time  
Now I'm about to lose my mind

'Cause I just wanna show you love  
Show you love  
Yeah I just wanna show you love  
Show you love

'Cause I just wanna show you love  
Show you love, show you love, oh  
I just wanna show you love  
Show you love, show you love

I gotta tell you what I wanna say  
Don't wanna save it for another day, yeah  
Now it's time to give my heart away  
And now I can't stop, can't stop

'Cause I just wanna show you love, ayy  
Show you love  
Yeah I just wanna show you love, yeah  
Show you love

'Cause I just wanna show you love  
Show you love, show you love, oh  
I just wanna show you love  
Show you love, show you love, yeah, yeah
