

# Somebody

Sigala

[Verse 1: HRVY]  
We painted a picture  
Broke the rules in the summer rain  
Twenty years later  
We'd have a big house in L.A  
Seems like our future is on the line for my mistake  
I can't let this fade away

[Pre-Chorus: HRVY]  
And now we find it hard to sleep  
And though your body's next to me  
I still got far to go  
I'm hanging on to hope  
Say those words you don't believe  
You turn around and look at me  
I still got far to go  
You're hanging on to hope

[Chorus: HRVY]  
So good that I don't deserve it  
So close that it's almost perfect  
To be lying in your arms  
Even though I broke your heart  
So high for the chance to fix this  
I'm wrapped up in your forgiveness  
And without you I am nothing  
But I feel like somebody with you  
Somebody with you  
Somebody with you  
Somebody with you  
(Somebody)  
And without you I am nothing  
But I feel like somebody with you

[Verse 2: Nina Nesbitt]  
So we're searching  
Looking for ways we can repair  
Out of the certain  
Cause you know deep down I care  
You gotta listen  
When I tell you I'll be there  
Oh please don't let us disappear

[Pre-Chorus: Nina Nesbitt]  
Say those words you don't believe  
You turn around and look at me  
I still got far to go  
You're hanging on to hope

[Chorus: HRVY and Nina Nesbitt]  
So good that I don't deserve it  
So close that it's almost perfect  
To be lying in your arms  
Even though I broke your heart  
So high for the chance to fix this  
I'm wrapped up in your forgiveness  
And without you I am nothing

But I feel like somebody with you  
Somebody with you  
Na na na na, yeah yeah  
Na na na na, yeah yeah  
Somebody with you  
Na na na na, yeah yeah  
Na na na na, yeah yeah  
Na na na na, yeah yeah

So good that I don't deserve it  
So close that it's almost perfect  
To be lying in your arms  
Even though I broke your heart  
So high for the chance to fix this  
I'm wrapped up in your forgiveness  
And without you I am nothing  
But I feel like somebody with you

So good that I don't deserve it  
So close that it's almost perfect  
To be lying in your arms  
Even though I broke your heart  
So high for the chance to fix this  
I'm wrapped up in your forgiveness  
And without you I am nothing  
But I feel like somebody with you  
Somebody with you  
Na na na na, yeah yeah  
Na na na na, yeah yeah  
Somebody with you  
Na na na na, yeah yeah  
Na na na na, yeah yeah  
Na na na na, yeah yeah  
Somebody with you

[Outro]

Na na na na, yeah yeah  
Na na na na, yeah yeah  
Na na na na, yeah yeah  
Somebody with you  
Na na na na, yeah yeah  
Na na na na, yeah yeah  
Na na na na, yeah yeah
