

## With You

Sigala

I don't want to leave tonight if I'm not there with you  
Tell me when they fade the lights, I'm coming home with you  
You're the only one I want, I want to get me through  
I don't want to leave tonight if I'm not, if I'm not there with  
you

I don't want to leave tonight if I'm not there with you  
Tell me when they fade the lights, I'm coming home with you  
You're the only one I want, I want to get me through  
I don't want to leave tonight if I'm not, if I'm not there with  
you

I don't want to leave tonight if I'm not there with you  
Tell me when they fade the lights, I'm coming home with you  
You're the only one I want, I want to get me through  
I don't want to leave tonight if I'm not, if I'm not there with  
you

If I'm not, if I'm not there with you  
I don't want to leave tonight if I'm not, if I'm not there with  
you

Don't stop, you're in my head  
I'm feeling all the things that your body says  
Baby, I think you know  
How to turn me on, so don't you let me go

I don't want to leave tonight if I'm not there with you  
Tell me when they fade the lights, I'm coming home with you  
You're the only one I want, I want to get me through  
I don't want to leave tonight if I'm not, if I'm not there with  
you

There with you, there with you, there with you, I'm not there w  
ith you  
There with you, there with you, there with you, I'm not there w  
ith you  
There with you, there with you, there with you, there with you,  
there with you

I don't want to leave tonight if I'm not there with you  
Tell me when they fade the lights, I'm coming home with you  
You're the only one I want, I want to get me through  
I don't want to leave tonight if I'm not, if I'm not there with  
you

If I'm not there with you

I don't want to leave tonight if I'm not there with you  
Tell me when they fade the lights, I'm coming home with you  
You're the only one I want, I want to get me through

I don't want to leave tonight if I'm not, if I'm not there with  
you
