

# The Casketburner

Sigh

Only the world within me changed  
Nothing else, they all are the same  
The sentence is death  
It's the end of the game  
The sentence is death  
It's the end of my fame

Why me? Was it meant to be?  
Remains with no soul is all I see  
Please forgive my sins  
All of my sins  
Before my time in hell begins

My blood is running slow  
Please don't let me go  
But God told me so  
The graves are vacant now

My casket burns  
My casket burns  
My casket burns  
You watch it burn

My prayer won't be heard

Is this the silence I've been looking for  
Is this the darkness I've been looking for  
All the walls are now painted black  
To show them that I was once alive

No one else feels my pain  
Some day you will see  
No one else feels my pain  
You will see that you're the same

Why me? Was it meant to be?  
Remains with no soul is all I see  
Into the swamp my soul will sink  
Wait for me, I need time to think

I did not want to know  
I did not want to know  
I did not want to know  
The graves are vacant now

The Casketburner lights my casket  
The Casketburner, the fate to met  
The Casketburner, the fire to be set  
The Casketburner burns my casket  
Burn in this flame, turn in your grave
