

# Hope

Sigma

All I need is, a little bit of hope, yeah  
All I need is, a little bit of hope  
I've been waiting for a moment  
To wash the pain away  
Sick of hiding in the darkness  
I need light to find the way  
I need strength to fight the weakness  
Something's gotta change  
Won't be haunted by the madness  
Because I see the better days

Oh, oh, oh  
All I need is a little bit of hope, yeah  
Oh, oh, oh  
Hope you hear me now, hope you hear me now  
Oh, oh, oh  
All I need is a little bit of hope, yeah  
Oh, oh, oh  
Hope you hear me now, hope you hear me now  
Oh, oh, oh  
All I need is a little bit of hope, yeah  
Oh, oh, oh  
Hope you hear me now, hope you hear me now  
Oh, oh, oh  
All I need is a little bit of hope, yeah  
Oh, oh, oh  
Hope you hear me now, hope you hear me now

I need hope  
Oh, oh, oh, hope  
I hear you hope you're in my heart  
You're in my sight, and oh, I can feel it now  
I can feel it now

Oh, oh, oh  
All I need is a little bit of hope, yeah  
Oh, oh, oh  
Hope you hear me now, hope you hear me now  
Nah, nah, nah, nah, nah, nah  
Nah, nah, nah, nah, nah, nah  
Nah, nah, nah, nah, nah, nah  
Hope you hear me now, hope you hear me now  
Oh, oh, oh  
All I need is a little bit of hope, yeah  
Oh, oh, oh  
Hope you hear me now, hope you hear me now  
Oh, oh, oh  
All I need is a little bit of hope, yeah  
Oh, oh, oh  
Hope you hear me now, hope you hear me now

Hope you hear me now, hope you hear me now  
Hope you hear me now, hope you hear me now
