

# Nightingale

Sigma

She beats her wings  
Makes me wanna fly  
The way she sings  
My heart it comes alive  
And everywhere she goes  
Everybody knows  
That I can't let her go  
Lost in her fairytale

She sings uh lala  
Just like a nightingale  
She sings uh lala  
Just like a nightingale  
Lost in her fairytale

We can dream  
We only have to try  
Where have you been  
You light my darkest night  
And every day the feeling grows  
And I just wanna let her know  
I won't ever let her go

She sings uh lala  
Just like a nightingale  
She sings uh lala  
Just like a nightingale  
She sings uh lala  
Just like a nightingale  
She sings uh lala  
Just like a nightingale  
Lost in her fairytale

She sings uh lala  
Uh lala  
She sings uh lala  
Just like a nightingale  
Lost in her fairytale

She sings uh lala  
Uh lala  
She sings uh lala  
Just like a nightingale  
Lost in her fairytale
