

# Trigger Finger

Sigma

Take your time, don't haste it  
You have one life, don't waste it  
You have problems, go face it  
It'll come your way, don't chase  
You have one life, you better slow down  
Drink up, pour more rum  
Step out, yo, have more fun  
May your best life soon come

May your best life soon come  
When I raise my trigger finger, all y'all ... hit the deck, deck

When I raise my trigger finger, all y'all ... hit the deck, deck

Take your time, don't haste it  
You have one life, don't waste it  
You have problems, go face it  
It'll come your way, don't chase  
You have one life, you better slow down  
Drink up, pour more rum  
Step out, yo, have more fun  
May your best life soon come

May your best life soon come  
When I raise my trigger finger, all y'all ... hit the deck, deck

When I raise my trigger finger, all y'all ... hit the deck, deck

May your best life soon come
