

WILDFIRE

Sigma

I could bet all of the love that I never had
I wanna believe that the chills rushing down my back
If I had to
I would have my eyes closed wide until the clouds go back
You are my star, nothing else can lead me off track

Hey, yeah
You're like a wildfire
You got me rising high
Your innocence, who's brave?
Drowning in, would you save me?
It's a crime if you don't
Don't stop

Hey, yeah
You're like a wildfire
You got me rising high
Hey, yeah

My sound ah, the people's sound
My sound ah, the heavyweight, heavyweight

Hey, yeah
You're like a wildfire
You got me rising high

Your innocence, who's brave?
Drowning in, would you save me?
It's a crime if you don't
Don't stop

I could bet all of the love that I never had
