

## i just want to hold her

sign crushes motorist

I just want to hold her  
I want her to care  
I just want to feel her  
Fingers in my hair  
I just want to hold her  
Hand in mine  
I just want to hold her  
Hold her tight  
And I'll  
I'll never let it go  
And I'll  
I'll never let go  
I just want to hold her  
I want her to care  
I just want to hold her again  
Trace her while  
I just want to hold her  
Close to me  
I just want to hold her
