

## theres this girl

sign crushes motorist

There's this girl  
Only in my dreams  
Would she ever care  
Ever look at me  
But there's this boy  
Hanging off the line  
Couldn't take any more  
Couldn't take any more  
There's this girl  
I hope she knows  
How much she means to me  
Even though  
She'll never care  
The way I do  
It's unbearable  
But it's true  
I overthink  
Every word you say  
Radio silence  
Everyday  
I overthink  
Every word I see  
I should've known  
That you hated me  
There's this girl  
I hope she knows  
How much she means to me  
Even though  
She'll never feel the  
The way I do  
It's unbearable  
But it's true
