

# High Note

Sigrid

Time, you're being cruel  
All you ever do  
Is tryna find your ways of escaping me

I wish you wouldn't count  
But I hear you out  
'Cause even on the days that you're chasing me

You're only here, making sure I know

When I go, I wanna go out on a high note  
I wanna climb, I wanna run  
Till the day my body won't  
Wanna see all I can see  
Till the moment my eyes close  
Yeah, when I go

I wanna go out on a high note  
I'm too young to worry now  
I got so much more to do  
But when I run out of time  
I wanna know I've seen it through 'for when I go

Time, it's you and I  
Till the very end  
And sometimes I wish, you would change for me  
And losing you hurts  
But I know what you're worth  
Even when you turn into memories

You're only here, making sure I know

When I go, I wanna go out on a high note  
I wanna climb, I wanna run  
Till the day my body won't  
Wanna see all I can see  
Till the moment my eyes close  
Yeah, when I go

I wanna go out on a high note  
I'm too young to worry now  
I got so much more to do  
But when I run out of time  
I wanna know I've seen it through, 'for when I go

When I go  
I want to go out on a  
I wanna go out on a high note  
I want to go out on a  
I wanna go out on a high note
